SKILLS

- **Database : PostgreSQL & MySQL**
- **Java : Spring Boot**
- **ORM Technologies : Hibernate, JPA**
- **JavaScript : React JS**

EDUCATIONS

SMAN 47 Jakarta
2012 – 2015
Science Program

Universitas Indonesia
2015 – 2019
Bachelor's of Science, Physics

A person who eager to learn, improve, and develop herself with good capability in analytical and problem-solving skills. Adaptive as part of the team as well as an individual worker. Have experience in making an inventory web application using Java - Spring Boot and React JS framework.

EXPERIENCES

Fazztrack – Technical Trainer
Nov 2020 – Present

Prodemy Prosigmaka – Java Technical Consultant Program
Jul 2020 – Oct 2020

Paper.id – Data Analyst Internship Program
Feb 2020 – Jun 2020

Lembaga Ilmu Pengetahuan Indonesia – Internship of Metrology Researcher
Jul 2018 – Aug 2018

- Designing system of stepper motor as microcontroller-based low flow control (microflow).

Universitas Indonesia – Laboratory Assistant
Jun 2017 – Dec 2018

- Guiding and teaching of experiments for electronics principle and simple modern physics such as analog components and the photoelectric effect.
